

Art therapist position – 2 group sessions per month, 1.5 hours per session. Currently online via Zoom, but could move to in-person in the coming months and class will be 2 hours per session. This position is responsible for providing art therapy classes to adult members of the community who have neurological conditions (Parkinson's, multiple sclerosis, epilepsy, migraine, stroke, etc.) utilizing art to address issues that may cause emotional distress and how to use creative outlets to alleviate stress. While class is online, candidate will plan and implement group sessions with materials that can be found around the house. Interested parties can contact Heather Osborne at 502-559-3231 or by email at Heather.Osborne@nortonhealthcare.org.
