# Rolling into the New Year

## A big big thank you!

To all our members for sticking with us through these difficult changing times, THANK YOU! We hope to bring you more connection and support through this coming year with virtual art meet-ups. And hopefully, when it is safe to gather, in-person events as well!

## New News

### Board Updates

Currently, the position of President Elect is open on our board. If you or anyone you know has interest in the position please let us know. We will be glad to provide information and support to anyone interested.

---

In 2021 the board hopes to update our by-laws to reflect our current times and functionality. Be on the lookout for updates on this topic as we want our members to be a part of this process.

## **Website**

This year we have just rolled-out our updated website and new MemberSpace! If you have not received an invitation to create an account for KYATA through MemberSpace, please send us an email and we will be happy to guide you through the process. Existing members will utilize the coupon code in the welcome email to avoid charges as your account has already been paid. This process will prompt you to enter in payment information, however if the code is applied there will be no charge.

Moving forward we hope to include additional resources on the website. We also urge you to complete the profile section of the website to help us send referrals for services and supervision as you have indicated in your profile.

## **Training**

In 2021 KYATA hopes to host a training for Ethics this summer. This training will be NBCC approved for CEs. As the current public health situation discourages large gatherings, we will likely be hosting this training virtually.

## **Upcoming Events**

All members are welcome to attend any KYATA events and the option to attend virtually will be supplied throughout 2021.
